

# MAGX FLEXIBLE MAGNETIC SHEETING

## Sticks When It Should

## But Never Gets Stuck

MagX flexible magnetic sheeting is perfect for advertising specialties, digital imaging and screen printing. But all magnetic sheeting is not the same. Recent migration test comparisons prove that MagX is by far the best performing flexible magnetic sheeting product for vehicle signage applications. MagX's superior compound formulation protects the vehicle's painted surface and prevents sticking and staining. For a copy of our most recent migration test comparisons, contact us or visit us online. MagX, producing the world's finest flexible magnetics since 1965.
